

LRS Discord Bot — Privacy Policy

Effective Date: 12 August 2026

1. Introduction

This Privacy Policy explains how the LRS Discord Bot processes information when providing services for the Legends Racing Series community.

The bot is designed to use only the information reasonably necessary to provide its Discord functionality.

2. Information the Bot May Process

When you interact with the bot, Discord may provide information required for the interaction, including:

- Discord user ID
- Discord username or display name
- Discord server ID
- Discord channel ID
- Commands and selections submitted to the bot
- Steward selections and votes
- Messages required for supported automated features

The bot may also process Discord message content where necessary for configured functionality, such as detecting supported Race Director messages.

3. F1 Setup Centre

When a driver selects a circuit from the F1 Setup Centre, the bot processes the Discord interaction in order to return the requested race setup.

Setup responses may be sent using Discord's ephemeral interaction functionality so that the response is visible only to the requesting user through Discord.

4. Steward System

The steward system may process information including:

- Discord user IDs
- Steward display names
- Selected offences
- Recommended penalties
- Licence-point selections
- Steward votes
- Discord ticket or channel identifiers

This information is used to provide the LRS steward workflow and display the relevant steward results.

5. Message Processing

The bot may inspect messages or embeds in configured Discord channels where necessary to identify supported automated events, including Race Director steward notifications.

Message processing is used to provide the requested bot functionality and is not intended for unrelated surveillance of Discord users.

6. How Information Is Used

Information processed by the bot is used to:

- Respond to Discord interactions.
- Provide F1 setup information.
- Operate the LRS steward system.
- Record and display steward selections.
- Detect supported Race Director events.
- Maintain and troubleshoot bot functionality.
- Protect the bot against abuse or technical problems.

7. Data Sharing

The bot does not sell personal information.

Information may be processed through services required to operate the bot, including Discord and the bot's hosting infrastructure.

Information displayed publicly through steward functions may be visible to members who have access to the relevant Discord channel.

8. Data Retention

Some information may only be retained temporarily while the bot is running or while an interaction is being processed.

Information may be retained for longer where required for legitimate LRS administrative, stewarding, security, troubleshooting, or legal purposes.

Data that is no longer reasonably required should be removed when appropriate.

9. Third-Party Services

The bot relies on Discord to provide its Discord functionality and may rely on third-party hosting or infrastructure providers.

Those services operate under their own privacy policies and terms.

10. Security

Reasonable steps are taken to protect the bot and its credentials.

Users should never provide passwords, Discord authentication tokens, payment information, or other unnecessary sensitive information to the bot.

11. Your Information

Requests or questions concerning information processed specifically by the LRS Discord Bot can be directed to the Legends Racing Series administrators.

Requests may require verification of the relevant Discord account before information is disclosed, corrected, or deleted.

12. Children

The bot is intended to operate within Discord and is not intended to circumvent Discord's applicable age requirements.

13. Changes to This Privacy Policy

This Privacy Policy may be updated to reflect changes to the bot, its hosting arrangements, LRS functionality, or applicable legal requirements.

The effective date at the top of this policy will be updated when appropriate.

14. Contact

Privacy questions regarding the LRS Discord Bot should be directed to the Legends Racing Series administrators through the official LRS Discord server.
